

RISK DISCLOSURE
SOW-Coin & RxSeedCoin.io

A. ABOUT RX SEED COIN & SOW-COIN

The RxSeedCoin.io (RxSeedCoin.io) Organization, hereinafter referred to as “Organization,” will utilize any funds from the sale of SOW-Coins (to include Wrapped SOW-Coins, aka, wSOW) in whatever means that management deems it necessary, legal and legitimate in order to finance and develop the business of the Organization and to help people according to the mission of the Organization as expressed in public statements and White Papers and in a way that is intended to build the community and support of SOW-Coin users. While management intends to maintain a full accounting of the Organization’s income and expenses, which may include audits, there is no offer or guarantee that any of this information will be made public or otherwise made available to SOW-Coin holders at any time.

Anyone who purchases, holds, trades, or transacts using SOW-Coin is said to be Engaging with the coin, and those who Engage in SOW-Coin understand and agree that holding and using SOW-Coin does not guarantee any type of tangible value or returns or returns on investment and is therefore very risky. Bitcoin has managed to attain a significant market capitalization without any specific mission or goal, but because of its perceived utility. By Engaging with SOW-Coin you agree that SOW-Coin is an experimental coin that is intended to see what if any utility and value can be created within a community of like-minded coin holders who want to use business and cryptocurrency to make compassion for others and help and supporting one another other the centerpiece of value around the SOW-Coin, which also has similar utility and functionality as Bitcoin. The idea of SOW-Coin is intended to leverage favorable market conditions that are being witnessed today for “Cryptocurrencies” and it is important to realize that these favorable sentiments and conditions may not exist in the future and may not even be experienced by SOW-Coin at all.

The particular value of SOW-Coin itself is based purely on the good intentions and the integrity of the participants in the Organization and their intentions to do good works and their success in doing good works, however good intentions, and success should not be confused with tangible assets or any other potential “return on investment”. By Engaging with SOW-Coin you understand and agree that SOW-Coin may be traded on one or more exchange platforms, some of which may be out of the control of the Organization, and therefore the value or liquidity of SOW-Coin is dependent exclusively on the market for SOW-Coin and that the SOW-Coin is not a stock, share or security and as such, there is no underlying assets or shares of profit or anything else that adds any value to the SOW-Coin itself other than support from the market by users of the SOW-Coin. By purchasing SOW-Coin you are said to be Engaging with the SOW-Coin and as such, you fully understand, acknowledge, and agree that the funds being supplied by you for the purchase and Engagement with anything associated with SOW-Coin(s) are funds that you can afford to lose.

B. SOW-COIN IS NOT A SECURITY

By Engaging with SOW-Coin you fully understand that buying SOW-Coin is speculative and is not secured by any tangible surety other than SOW-Coin, the value of which is entirely dependent on the support of people for the concept and the works of the Organization and the goals of the Organization to sustain itself through development projects; and as such there may be no other recourse for you to collect the repayment of equal value for your purchase of SOW-Coin if the works of the Organization fails to gain sufficient market capitalization and liquidity for SOW-Coin. A legal opinion letter has been obtained by a U.S. Law-firm that

specifically advises that SOW-Coin is not a security but rather a utility token that represents membership in the SOW Community. That legal opinion letter can be viewed at:

C. ENGAGING WITH RX SEED COIN & SOW-COIN

Furthermore, by purchasing SOW-Coin, you understand and agree that: 1. The Rx SeedCoin Organization is a For-Profit Blockchain Technology enterprise that seeks to leverage SOW-Coin to build a community of coin holders that uplift each other and help bare each other's burdens, but there is a guarantee that this community will materialize.

2. Rx SeedCoin seeks to “make-a-market” in its own coin by using the proceeds from the sale of the SOW-Coin in whatever manner the Principal Leaders of the Organization see fit to engage in both humanitarian relief efforts, as well as sustainable business projects, such as sales of NFT’s, clean renewable energy projects, provision of temporary housing, provision of food and food sources and many other projects. There is no guarantee that any of the Organization's projects will be successful at all.

3. Every communication made from Rx SeedCoin and its Principals, either as an organization or individual in, press releases or via social media or any other method of delivery into the public discussion space, should be considered as an intention or goal rather than an express commitment to successfully perform any specific task or project. Nobody knows what may be necessary in the future in order for Rx SeedCoin to successfully engage in its missions, and statements about ongoing projects, ideas or missions are purely speculative and should only be considered as intentions and not a binding contract or agreement.

4. All efforts by the Organization are on a best efforts basis only.

5. Any statements made by the Organization which are not historical facts contain certain forward-looking statements, concerning potential developments affecting the business, prospects, financial condition, and other aspects of the Organization. The actual results of the specific items described in any public communication by the Principals of the Organization, and the Organization's operations generally, may differ materially from what is projected in such forward-looking statements. Although such statements are based upon the best judgments of management of the Organization as of the date of releases, significant deviations in magnitude, timing, and other factors may result from business risks and uncertainties including, without limitation, the Organization's dependence on third parties, general market, and economic conditions, technical factors, the availability of outside capital, receipt of revenues and other factors, many of which are beyond the control of the Organization. The Organization disclaims any obligation to update the information contained in any forward-looking statement. No public announcement or press release shall not be deemed a general solicitation.
