B. How to Purchase WSOW-Coin, Pre-IEO Coins.

1. Install Metatmask or other similar wallet ([see instructions](#)).
2. Add WSOW in your wallet and get your Metamask WSOW wallet address ([see instructions](#)).

The WSOW Contract address is: 0xe70d287aad130e2cee520e75d12c6efa4f1a377d

3. Go to our website at www.RxSeedCoin.io and purchase the coins ([see instructions](#)).
 - a. Purchasing with Coinbase.com ([see instructions](#))
 - b. Purchasing with MetaMask ([see instructions](#)).

WARNING: MetaMask has a bug that requires you to install intermediary wallet for purchasing.

C. Instructions For Receiving Pre-IEO WSOW-Coin:

1. Install Metatmask, if you've not already done so ([see instructions](#)) and make sure we have your WSOW wallet address if you've not already given it in the form when you purchased ([see instructions](#)).

2. Within 3 days before we begin trading we will send you the free trading coin to the wallet address that you've provided to us when you purchased your coins. If you bought through the web form then we already have your address and you need not do anything.

3. If you bought 12 month discount coin then you will receive that coin into your wallet address after 12 months. We are working on a smart contract to automate that process.

D. Instructions for trading WSOW-Coins after Pre-Sale Purchase.

1. Open an account at Bitmart.com ([see instructions](#))

2. Send your WSOW to your account, this can only be done once Bitmart.com lists WSOW as an asset two days before live trading. You can sure inside your account to purchase WSOW to see if it comes up or search for the WSOW asset.

WARNING: You can only send your WSOW Coins to your account at Bitmart.com starting on the day before WSOW begins trading or your coins will not be received into your account. The best way to confirm that you can send your WSOW coins is to log into your Bitmart.com account and search for the WSOW asset.
